Products in stock

Recognising the importance of delivering health products swiftly, we work closely with a broad range of customers, including public and private institutions, international development and humanitarian organisations, and UN entities.

To support fast and reliable delivery, we maintain stock of generics and branded pharmaceuticals, medical supplies and emergency kits for immediate dispatch. Our range reflects essential medicines recommended by the WHO, supplemented by an extensive selection of medical supplies and emergency kits, such as WHO IEHK kits and WHO PED/SAM kits.

Inventory is stored in our GDP-certified warehouses in India and Denmark, covering more than 19,000 m³. This setup ensures efficient distribution to our customers worldwide. One of Missionpharma's key priorities is to guarantee a long shelf life for our products, both during transit and upon arrival at the final destination.

With more than 50 years of experience in global healthcare, Missionpharma has deep expertise in identifying reliable suppliers for each product. We continuously broaden our product range and supplier network to better support our customers.

PHARMACEUTICALS

A comprehensive portfolio of pharmaceuticals aligned with the WHO Model List of Essential Medicines (page 3).

MEDICAL SUPPLIES

A broad selection of medical consumables, devices and equipment that comply with relevant ISO standards and are certified with CE approval for safety and reliability (page 7).

EMERGENCY KITS

A range of WHO emergency kits containing life-saving healthcare products for immediate dispatch worldwide (page 11).

COMMITMENT TO QUALITY

Missionpharma has a dedicated focus on the quality, safety and reliability of our products. Our quality system is supported by ISO 9001, ISO 13485 and ISO 14001 certifications, as well as GDP licences issued by Bureau Veritas and the Danish Medicines Agency.

We believe in delivering high quality in every activity we engage in and in every element of our supply chain. This commitment is reflected in our rigorous supplier pre-qualification, strict quality controls and continuous monitoring of our processes. Our goal is to ensure that every product we deliver meets the highest standards and supports better health outcomes in the communities we serve.

About us

Missionpharma is a global supplier of generic pharmaceuticals, medical devices, hospital equipment, and medical kits to public and private institutions, international development organisations, and UN entities.

We are driven by our purpose of improving global access to safe and affordable healthcare. Since 1975 we have delivered healthcare products that positively impact the lives of millions of people around the world.

With a dedicated team of 170 employees in five locations on three continents, we work closely with our trusted partners in the global healthcare industry to create long-term positive impact in the countries where we operate.

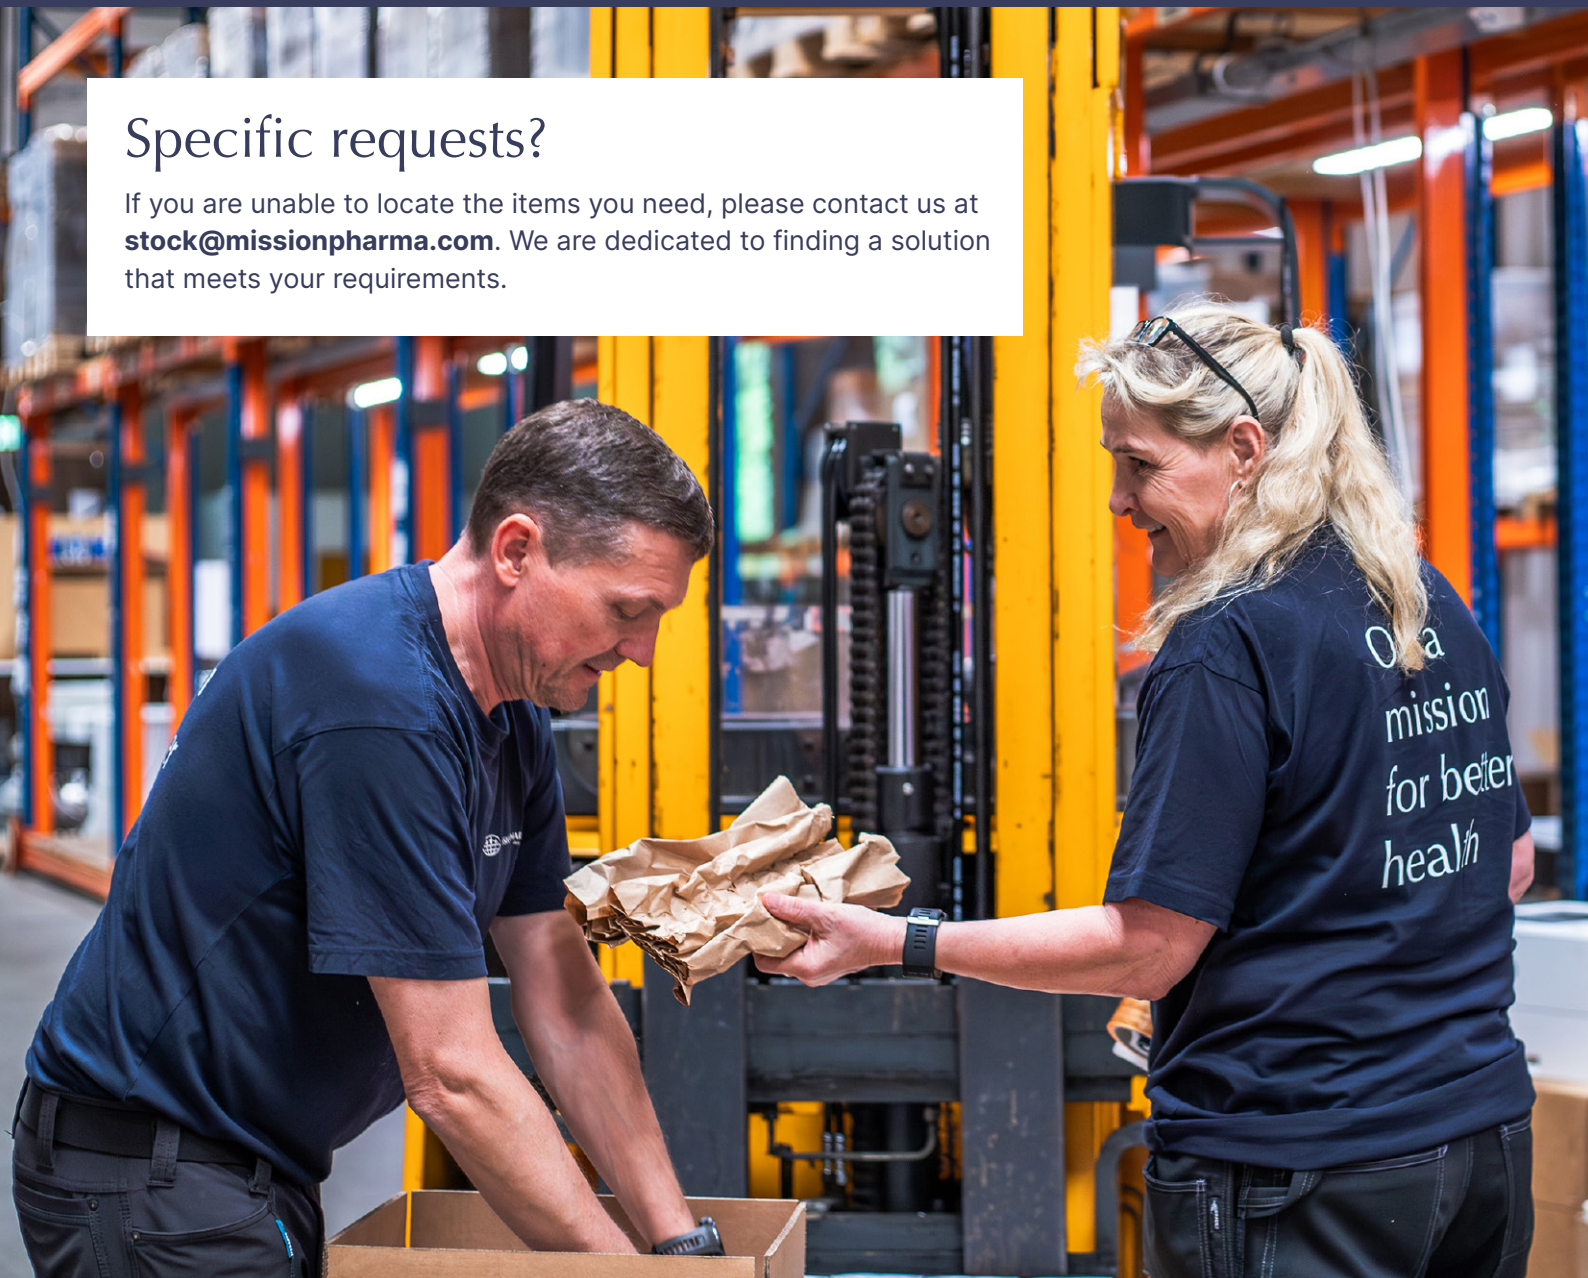

We maintain the highest standards of quality in our products and services to ensure the safety and well-being of patients.

In a constantly changing world, we possess the agility to work with both healthcare programmes and to offer emergency deliveries of medical supplies.

Together with our sister company, Fazzini, Missionpharma is a proud member of CFAO Healthcare – the healthcare division of CFAO Group owned by Toyota Tsusho Corporation. This partnership opens the way for a series of mutually beneficial business synergies and opportunities and provides us with direct access to a comprehensive distribution network in Africa.
